# *Ivan and Kevin*

When Kevin was in Slovakia he liked pancakes my mother made and I think he also liked the nature. He didn't like that in the evening we were sometimes separated. What I liked about Holland is school because it has much better equipment and I liked the countryside, though it's just flat-surfaced. I also liked the programme they prepared for us. Kevin's family is really fine.

I enjoyed staying in Holland.  
Thanks for a nice week.

# ***NORA AND BART***

*Bart liked Slovakia and mostly he liked Tatras because in Holland aren't mountains. He was surprised that we had so cheap alcohol.*

*I really like Holland. They prepared very good programme.*

*I was amused when I saw their higher hill. Their traditional foods are very good.*

*The food and drinks in restaurants are more expensive.*

*Bart's family is very nice and friendly.*

*Thank you for nice week..*

# *Peter & Koen*

So, Koen told me, that he liked our mountainous surface and in Tatras it was like hills are everywhere around you.

And me? For me it's perfect experience, because here's everything different compared to Slovakia. Staying here it's nice, because dutch partners prepared very good program in our freetime. I met many new and funny people, so I'm really satisfied. Food here has very specific taste, because of many contrasts in tastes in one meal and I like it. The school here in Uden is nicer and better equipped than ours.

# Karlijn & Romana

Karlijn was amazed by the visit to Slovak caves and castles

I like the houses in The Netherlands, people are very nice and I was surprised that they eat a lot of sweet things and they don't eat vegetable

# Stefan and Michal

- Stefan liked everything in Slovakia almost the trip to Bratislava and trip to glass factory but he didn't like trip to High Tatras because the weather was really bad.
- In the Netherlands I like the culture and another architecture that in our country but I don't like they are use to riding bikes all the time. In general it's really nice stay.

# Steffi and K Saudia

*Let me introduce my girl Steffi. She and her family was brilliant. They were nice to me so much. Her father is a very good cook and very funny person. Her older sister, Nikie, who is 19, is a funny and crazy person. Every member of „my“ family was so cute. Our stay in Holland was wonderful. Thank you very much for every nice moment.*

# *Pavlina and Myrthe*

- *My Dutch partner liked the evenings in the city, she also enjoyed a trip to Besenova and to Bratislava.*
- *She like vegetarian lasagne made by my mum.*
- *She didn't like when it was raining and cold.*
- *The highlight for me was the tour of the city center and visiting shops.*

# *Roy Aerts & Petra Balascakova*

-When Roy came to Slovakia, he was surprised. He didn't expect it to be such a developed country. I think he had a good time there, only the weather wasn't very good - it was raining all the time.

-When I came to Holland, I was really amazed by its simple architecture and beautiful nature. I found out that it's true that they use bikes all the time, I'd like to have roads only for bikes also in our country. The family was perfect and friendly. Despite a very cold climate, I was really very satisfied.

# *Jeroen and Adam*

I think that Jeroen was satisfied in Slovakia. My family is quite similar to his, so it wasn't problem to stay with us. Possibly the best thing about Slovakia was the cheapest beer in the world ☺. It was a shame that the impression about trip to Hight Tatras has got worse for bad weather.

And me? Staying in Holland is really nice. One of the most beautiful experience are people here- very generous and polite. For my great feeling also contribute amazing program and good weather.

# EMILIA AND DANIQUE

When in Slovakia, Danique liked all the stay, but most of all she liked evenings in the city. But she was sad that in High Tatras there was a bad weather.

I liked all the program, especially biking and parties. I was surprised that they eat really a little for the lunch, and the weather is too cold.

# Harm and Martin

Harm liked a lot of things in Slovakia, from trips to interesting places to spending time in pubs.

I liked Dutch countryside, because it's really beautiful and the capital city of Amsterdam, because it's very interesting.

## *Katarina and Michelle*

- My Dutch partner likes shopping. She bought lots of clothes in Bratislava.
- She tried typical Slovak food- bryndzove halusky and she really liked it.
- The most attractive place in Netherland is Amsterdam for me.

# Anne & Julie

The most interesting thing for Anne in Slovakia were probably mountains and she wondered why Slovaks don't ride bikes more often.

During my stay in Holland I enjoy riding a bike in the nice, modern country, but still riding a frozen bike in minus degrees isn't very comfortable.

# ANIEK & DANICA

Aniek was homesick, because it was first time she was in foreign country without her family.

I am surprised by food – Dutch people eat a lot of sweet things. They usually have sweet breakfast and they have got only breads for the lunch.

# Alena and Claire

Claire liked evenings spent out and our trip to Tatras.

I liked people here, they were very kind. Also I liked riding bicycle and parties. But the weather was too cold.

## Jansje and Michaela

Jansje liked on our land our mountains and our food at home. She was surprised of our prices in our city. Slovakia was for her interesting and I think she liked it.

I like on Dutch people that they are very friendly and I think they are not mean contrary to their reputation. My family was very nice and I had not any problems with them. I liked their cooking. I think they have better school then we because is more free and they have more possibilities and more fun. They usually eat food like many kinds of biscuits, bread with chocolate... The wheater was good considering climate of this land. But I didn't like cold in their house and riding bicycles in bad weather. I think I have from Holland good experience thanks to good program too. We saw a lot of very nice places.

# Evelin and Martina

The name of my partner is Evelin. She is beautiful blond girl with blue eyes. She fell in love with a typical slovak cake from Skalica. She didn't like tour de High Tatra because it was snowing and raining.

# Samo and Stef

**Stef really like Slovakia. Mountains impressed him at all. Also the other trips were good. He told me Bratislava was fantastic.**

**Holand is a nice country with good people. I think cycling is really interesting. But wether is a little bit cold than in Slovakia. I also like the good food. Typical cheese is fantastic. It is nice to be here.**

**Thank you for nice time.**

# *Lenka & Sophie*

Sophie enjoyed their visit in glassworks and she bought there a lot of things.

In Netherlands, I enjoyed a day in a farm, but it was a pity the wheather was so cold

# PETRA & RENÉE

When Renée came to Slovakia she was very tired. I think she liked the programme we prepared and she was maybe surprised by the way of living in Slovakia (food, ect.). She also compared the prices in Slovakia that to those in Netherlands. The weather wasn't that good but that didn't stop her to have fun all the time.

On the other hand while I was in Netherlands I noticed the beautiful environment that they really took care of. I also appreciated that they went everywhere by bicycle so there was less traffic and pollution. People there were very nice and friendly and prepared a full programme for us so we could see many interesting things that I will never forget.
